Highlights

Contoured earhook

The earhook stays put behind your ear even when you're on the move, keeping the earphone comfortably in place and sounding great. It's the part contacting the back of your ears and keep the headphones on your ears.

Designed for active use

Whether you are out running, cycling or taking part in any active pastime, this headphone will stay comfortably in your ear.

13.5mm speaker driver

Small enough for optimum wearing comfort and big enough to deliver undistorted sound, an ideal size for listening enjoyment.

24k Gold-plated plug

Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

Air cushioned caps

Air in between the cap and the driver gives you a soft feel like a pillow as it reduces the pressure on your ears.

Bass beat vents

Bass beat vents allow air movement for better sound with a deep rich bass.

Flexi-grip design

The soft flexi-grip material that the body of the headphone is sheathed in enhances its performance and extends its durability. It protects the cable connection from damage that otherwise could occur due to repeated bending of the headphone body from frequent contact with the user's fingertips when being put on and removed.
